Everlight Introduces Their Most Powerful and Brightest LED Series in a Slim Ceramic Package

Mansfield, Texas, USA — January 12, 2010 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from Everlight.

The Everlight Shuen LED series is a surface-mount high-power device featuring high brightness combined with a compact size that is suitable for all kinds of lighting applications such as general illumination, flash, spot, signal, industrial, and commercial lighting. Shuen is a translation of a Chinese word meaning bright and shiny. It also can be understood to mean new, extravagant, and highly sought after. The Everlight Shuen LED lives up to both meanings with high efficiency and high-performance features, such as ESD protection up to 8KV and an electrically isolated thermal pad that provides convenience in thermal and electrical design.
