## Product/Process Change Notification

### Production relocation to Pontecchio plant, Italy

<b>Date:</b> 14/06/13	<b>ID Number:</b> PCN-140613-AS
<b>Affected Products</b>	A48, A50, A70, A72, C20A, C20F, C44A, C44B, C44D, C44H, C44P, C44U, C4AE, C4AF, C4AS, C4AT, C4BH, C4BS, C4BT, C4D, C4DE, C93, C9T series
<b>Change</b>	The affected products will be relocated from the plant located in Vergato ZIP 40038, Italy to the new plant located in Pontecchio ZIP 40037, Italy. This will be achieved without impact to product form, fit, or function as the products are equivalent with respect to physical, mechanical, quality and reliability characteristics. The new <b>qualified</b> location will utilize the same manufacturing equipment, the same manufacture staff, the same processes and complies with standardized control techniques, which meets stringent qualification testing to guarantee product performance.
<b>Justification and Benefits</b>	Consolidating our Italian Plants into one facility in Pontecchio will result in an enhanced capability to support KEMET Customers. KEMET and its customers will benefit from the synergies delivered by locating KEMET's film innovation centre, technical, and manufacturing expertise in a single location.
<b>Effective Date and Identification</b>	Production in Pontecchio plant is expected to start not earlier than January 02nd, 2014. The target completion date of this relocation is March 31st, 2014. Production in Vergato plant is expected to stop on November 30 <sup>th</sup> , 2013. Orders acknowledgement for production lots to be manufactured in Vergato plant shall be stopped effective September 30 <sup>th</sup> and orders will be tentatively processed before the moving depending on the available production capability. Without acknowledgement of this amendment notification by July 31st, 2013, KEMET will proceed to implement the change as described herein. Identification : The date code, year and month, will identify the products made in Pontecchio plant.
