

5150-5825 MHz, 3.19 dBi, Stamped Metal AP/Router Embedded Antenna With IPEX Connector

#### LCSMA1011

#### **Features**

- · High Efficiency
- · Isotropic radiation patterns
- · Linear polarization
- · Ultra-Compact design
- · Low loss material Nickel-Plated brass

#### **Applications**

- · IoT, M2M, Telemetry
- · Wireless Remote Control
- Personal Area Networks(PAN)
- Industrial/Commercial Equipment
- 2.4/5 GHz Wi-Fi/BT/BLE/ZigBee/ISM applications

- Extended operating temperatures
- · Case mounting or on board mount
- · Frequency stabilization
- IPEX connector 83.5mm cable
- · Single piece for easy buy
- IEEE802.11a/b/g/n/ac embedded applications
- · Remote Technology / Monitoring
- Consumer Tracking
- Smart Home / Wearables / Devices
- · Agriculture, healthcare, digital signage

#### **Description**

The L-com LCSMA1011 is a single band stamped metal antenna with an IPEX connector that ships on the same day as ordered. Our linear polarized antenna has a maximum frequency of 5825 MHz and a minimum frequency of 5150 MHz. This stamped metal antenna has an overall length of 0.82 inches and a width of 0.24 inches.

L-com's LCSMA1011 is a single band antenna operating from 5150 to 5825 MHz with a 3.19 dBi gain. The omni directional antenna has a maximum input VSWR of 2:1. This stamped metal antenna with an IPEX connector has an impedance of 50 Ohms.

L-com has one of the largest in-stock collections of omni directional antennas with our wide selection of superior quality RF parts that ship same day. Make your online purchase right now to take advantage of our same-day shipping. For further information on similar products, our expert technical support and knowledgeable sales team can help you get the ideal stamped metal antenna as per your requirements.

Notes:

5150-5825 MHz, 3.19 dBi, Stamped Metal AP/Router Embedded Antenna With IPEX Connector from L-com has same day shipment for domestic and International orders. Our portfolio includes coaxial cable assemblies, connectors, adapters and custom products as well as lightning and surge protectors, NEMA rated enclosures, and an RF product line which includes antennas, amplifiers, passive, and active components.

The information contained within this document is accurate to the best of our knowledge and representative of the part described herein. It may be necessary to make modifications to the part and/or the documentation of the part in order to impliment improvements. L-com reserves the right to make such changes as required. Unless otherwise stated, all specifications are nominal. L-com does not make any representation or warranty regarding the suitability of the part described herein for any particular purpose, and L-com does not assume liability arising out of the use of any part or document.
