

Technical drawing of a component, likely a connector or plug, showing two views: a top view and a side view.

Top View:

- Overall width: 12.7 ± 0.3
- Overall height: 12.7 ± 0.3
- Central circular feature with concentric rings.
- Four small circular features (holes) arranged in a square pattern.
- Markings: "103S" and "HRM".
- Dimension lines indicate distances from the center to the holes: 8.64 ± 0.1 (vertical) and 8.64 ± 0.1 (horizontal).
- Dimension lines indicate distances from the outer edge to the holes: $4 \times \phi 2.6 \pm 0.1$.
- Callouts: "Marking" points to the "103S" and "HRM" text.

Side View:

- Overall height: 16 ± 0.3
- Overall width: 6 ± 0.15 (Width across flats)
- Internal features and dimensions:
 - Top section height: 9.55 ± 0.3
 - Section height: 1.7 ± 0.2
 - Section height: (6.45)
- Threaded section: $1/4-36UNS-2A$
- Callouts: "1", "2", "3 Attached", "4" point to specific features.
- Prick punch (2 points) is indicated.
- Bottom section diameter: $\phi 7 \pm 0.2$
- Bottom section diameter: $\phi 3.63^{+0.04}_{-0.02}$
