K-6EC K-6EJ

Jonard Tools' Keystone Jacks are designed for improved connectivity and ease of installation. These jacks feature a robust construction for enhanced durability and performance, making them suitable for both residential and commercial applications. They are compatible with various cable types and easy to install connection points for voice, data, audio, and video inserts. The design includes user-friendly features such as a simple snap-in/screw-in installation process and clear labeling for wiring, streamlining the setup for technicians. Overall, this product line aims to provide reliable solutions for structured cabling needs while ensuring efficiency and quality.
