*For other colors, replace suffix BL (Black) with IW (Off White), EI (Electric Ivory), WH (White), or IG (International Gray).

^NKHDMI** and NKUSBAA** can be inserted in the two center ports ONLY

technical information

Mounting options:	Standard sizes have industry standard opening.
	1.345" - 1.405" (H) x 2.67" - 2.75" (W), maximum panel thickness of 0.09"

key features and benefits

| Modular flat design:	Accepts all Netkey modules. Compatible with the modular furniture faceplate extender
Modular sloped design:	Accepts all Netkey modules except for NKHDMI** and NKUSBAA** which can be inserted into the two center ports ONLY
Bend radius control:	Bend radius can be protected or improved by using the sloped design, or use faceplate extender with flat faceplate which will add 0.05" to the in-wall depth.
Identification:	Optional adhesive labels available for easy port identification

applications

Furniture faceplates are used in work areas with modular furniture which have the standard furniture outlet opening. Angled design is recommended in areas where bend radius control is a concern.
The angled design allows cable to properly route within the channel. Faceplate extender can also be used to increase the space behind the furniture faceplate by 0.5".
