Individual cable lengths are often required nowadays. In order to meet these demands, Weidmüller offers a wide range of plug-in connectors for custom assembly. Customisable valve plugs are used frequently in special-purpose machine engineering. Such plugs are used to connect solenoid valves. The valve plugs are available in all standard design types. The range includes the design types A, B Industrial, B acc. to DIN, C Industrial and C acc. to DIN. The valve plugs are available in 3 and 4-pole versions without cables. A flat gasket seal is included which, when screwed on, guarantees IP 65 protection.

**General ordering data**

Version	Valve plug, Socket, angled
Order No.	<a href="#">1873070000</a>
Type	SAIB-VSA-3P/250/9-OB
GTIN (EAN)	4032248495344
Qty.	1 pc(s).

Creation date January 28, 2022 9:04:02 PM CET

Catalogue status 14.01.2022 / We reserve the right to make technical changes.
