

Safe-IT Single-Gang Antibacterial Wall Plate, Decora Style, Ivory, TAA

MODEL NUMBER: N042DAB-001-IV

Decora-style faceplate combines with compatible wall-mount insert for terminating premise audio/video, voice or data cable applications.

Features

Decora-Style Wall Plate Connects Your In-Wall Audio/Video, Voice or Data Cable Lines

This single-gang wall plate provides a clean, simple method for completing your in-wall wiring applications, including home theater (audio/video), VoIP phones (voice) and Ethernet (data). The cover plate mounts flush with a compatible Decora-style insert (sold separately) used for premise installations.

Provides Extra Protection Against Certain Bacteria

The wall plate is constructed using an antibacterial material that is effective in inhibiting *Escherichia coli* (E. coli) and *Staphylococcus aureus* (staph) and tested to ISO 22196:2011 standards. This added protection makes this cover plate an ideal solution for medical facilities, schools, businesses, restaurants/kitchens and anywhere else that needs extra protection against bacteria.

High-Impact Construction Designed to Blend In Seamlessly with Your Room

This durable ivory-colored faceplate blends elegantly into any home or office décor for a sleek, professional installation. Mounting screws are included. The ABS plastic construction meets UL 94V-0 flame-retardant standards for protection against fire and high heat.

TAA-Compliant for GSA Schedule Purchases

The N042DAB-001-IV is compliant with the Federal Trade Agreements Act (TAA), which makes it eligible for GSA (General Services Administration) Schedule and other federal procurement contracts.

Highlights

- Ideal for home theater, VoIP or Ethernet in-wall wiring installations
- Made with antibacterial material proven effective in inhibiting E. coli and staph
- Compatible with compatible Decora-style inserts
