## Description

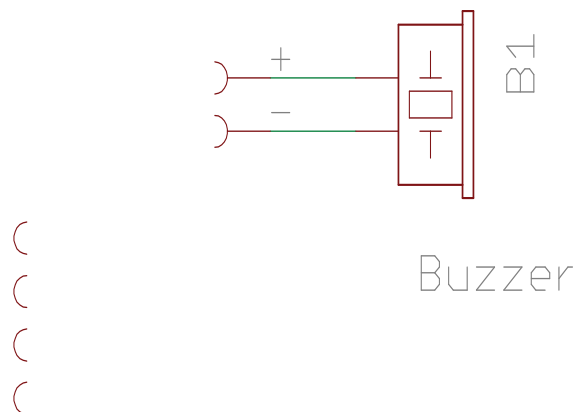

SparkFun DEV-08463 LilyPad Buzzer is a small buzzer designed for the LilyPad system. LilyPad is a wearable e-textile technology that is creatively designed to have large connecting pads to allow them to be sewn into clothing. The two I/O pins on the LilyPad main board can be used to create different noises based on the different frequencies of I/O toggling. This buzzer features an outer diameter of 20mm and a thin 0.8mm PCB.

## Features

- Designed for the LilyPad system:
  - LilyPad is a wearable e-textile technology
- 20mm outer diameter
- 0.8mm thin PCB
